'EXEMPTION-LESS' TAX REGIMES REQUIRED: PMEAC CHAIRMAN

Debroy bats for single-rate GST

FE BUREAU
New Delhi, November 7

INDIA SHOULD HAVE a single goods and services tax (GST) rate and 'exemption less' regimes for both direct and indirect taxes, Prime Minister's Economic Advisory Council chairman Bibek Debroy said on Monday.

The tax collections of the Centre and states combined are just 15% of the gross domestic product (GDP), while the demand for government spending on public infrastructure, education, healthcare and defence is around 23% of GDP, he said.

Debroy's comments come at a time when the GST Council has ceased talking of a single-rate GST system, and the general refrain in policy circles is to settle for two- to three-slab GST structure, after an ongoing review.

Also, neither the Centre nor the states are keen on including the petroleum products, the key exempted sector, in the GST chain due to huge revenue implications and the reluctance of both to forgo the autonomy to fix the rates. "On GST, it is my submission (that) there should be a single rate. I don't think

As a polity, we need to recognise that GST really should be the same regardless of the product. If progressivity is to be introduced, it is best done by direct taxes, not GST, or indirect taxes.

exemptions! The more the tax exemptions, the more complicated the (tax structure) becomes. Why can't we have a simple tax structure devoid of all exemptions?" he asked. "We must at some point agree we will move to a completely exemption-less system," Debroy said.

The artificial difference between corporate taxes and personal income taxes should be removed, he added. "A lot of unincorporated business pays taxes under personal income taxes. This (removing difference) will also reduce administrative compliance," he said.

As reported by FE earlier, with inflation likely to remain elevated for a longer period and key state elections due in 2023, the Narendra Modi 2.0 government may choose not to restructure GST slabs before it departs office in May 2024.

Even though the group of ministers on rates rationalisation headed by Karnataka chief minister Basavaraj Bommai was required to submit a report by end-September on that slab rejig, its proceedings have slowed.

After state assemblies elections in Himachal Pradesh in November this year and Gujarat in December,

would lessen litigation. Even though the main GST slabs are four — three standard rates (9%, 12%, 18%) and one domestic rate (28%) — there are three more rates apart from the 'zero' rate. There are two special rates for diamonds and semi-precious stones (0.25%) and gems and jewellery (9%) and another rate (0.3%)

If progressivity is to be introduced, it is best done by direct taxes, not GST, or indirect taxes," Debroy said, adding that these were his personal views.

The estimate of GST revenue neutral rate (RNR) made before the GST roll-out in July 2017 was 15.15.5%, but the average GST rate at

The Goods and Services Tax (GST) regime should have ideally had a single tax rate and covered all goods and services for its expected benefits to fully accrue to the economy, PM's Economic Advisory Council (PMEAC) chairman Bibek Debroy signalled on Monday.

- GST though 'a phenomenal work in progress' should ideally have had a single rate
- Estimates of 1.5-2% GDP gains from GST hinged on covering all items with a single rate

an adviser to the government, Mr. Debroy said GST rates should be the same

Terming the GST 'a phenomenal work in progress' and 'a remarkable instance' of the Union and States working together, the PMEAC chief said that allowing a mindset of 'prime control' whereby GST rates are pegged higher for items considered 'elitist' and lower for items of mass consumption, enabled differentiation and subjective interpretation and litigation, he pointed

Indian polity should take a call on having a GST system with a single rate, regardless of the product, Bibek Debroy, Chairman of the Economic Advisory Council to the Prime Minister (PMEAC), has suggested.

Citizens should also be willing to pay higher taxes or settle for reduced delivery of public goods and services, given the wide gap between the total tax-GDP ratio and the demand for resources by the government to meet physical, social infrastructure, education, and health requirements, Debroy said at the TIOL Tax Congress 2022 here on Monday.

"As a polity, we need to take a call on whether there should be a single GST rate or not. My submission is that there should be a single rate. I don't think we will ever get it, but that is what we should want," Debroy said.

India needs liberal economic policy: Gadkari

New Delhi: India needs a liberal economic policy with the intention to provide its benefits to poor people of the country, Union minister Nitin Gadkari said on Tuesday.

Addressing TIOL Awards 2022 event, Gadkari said the economic reforms started by Manmohan Singh as finance minister in 1991 gave a new direction to India.

The road transport and highways minister said the country is indebted to former prime minister Singh for economic reforms. He recalled that he could raise money to build roads in Maharashtra when he was a minister in Maharashtra in the mid-1990s due to economic reforms initiated by the former prime minister.

Gadkari asserted that liberal economic policy is for farmers and poor people.

IT takes time to shake hangover, ergo I would like to focus on one of the Technical Sessions at the TIOL Tax Congress 2022 - 'Beyond ABC of DE (Digital Economy)'. Before I delve deeper into technical issues raised by the distinguished panelists, let me hammer the point that digital is the dynamic future of mankind! In less than a decade, the digital economy has surged to 17% of the global GDP. The global B2B ecommerce market has leapfrogged beyond USD 15 trillion - over five times that of the B2C market. The global digital transformation market size is valued at close to USD 1.9 trillion and may exceed USD 7 trillion by 2029 - a neat growth rate of 21%. While in 2018, digitally transformed enterprises accounted for USD 13.5 trillion of the global nominal GDP, it is projected to be USD 53 trillion by 2023. This demonstrates the fire-bellied

● 'EXEMPTION-LESS' TAX REGIMES REQUIRED: PMEAC CHAIRMAN Debroy bats for single-rate GST

FE BUREAU
New Delhi, November 7

INDIA SHOULD HAVE a single goods and services tax (GST) rate and "exemption-less" regimes for both direct and indirect taxes, Prime Minister's Economic Advisory Council chairman Bibek Debroy said on Monday.

The tax collections of the Centre and states combined are just 15% of the gross domestic product (GDP), while the demand for government spending on public infrastructure, education, healthcare and defence is around 23% of GDP, he said.

Debroy's comments come at a time when the GST Council has ceased talking of a single-rate GST system, and the general refrain in policy circles is to settle for two-to-three slabs GST structure, after an ongoing review.

Also, neither the Centre nor the states are keen on including the petroleum products, the key exempted sector, in the GST chain due to huge revenue implications and the reluctance of both to forego the autonomy to fix the rates. "On GST, it is my submission (that) there should be a single rate. I don't think we will ever get it," Debroy said, speaking at an event here.

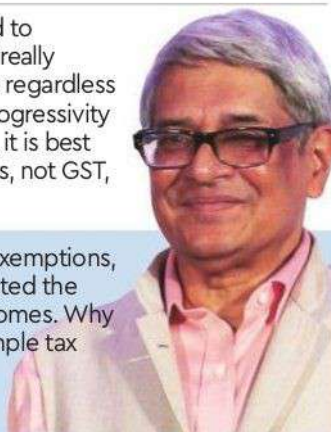

One argument against fewer GST rates is that such a system will be regressive in nature, because the mass consumption items and luxury goods will then be taxed at par.

Debroy, however, said that if the differential tax rates for products of elitist nature and those of mass consumption are done away with, it

BIBEK DEBROY, PMEAC CHAIRMAN

As a polity, we need to recognise that GST really should be the same regardless of the product. If progressivity is to be introduced, it is best done by direct taxes, not GST, or indirect taxes.

The more the tax exemptions, the more complicated the (tax structure) becomes. Why can't we have a simple tax structure devoid of all exemptions?

would lessen litigation. Even though the main GST slabs are four — three standard rates (5%, 12%, 18%) and one demerit rate (28%) — there are three more rates apart from the 'zero' rate. These are two special rates for diamonds and semi-precious stones (0.25%) and gems and jewellery (3%) and another rate (0.1%) for supply for goods to merchant exporters. The clutch of demerit and luxury goods in the 28% bracket also attracts cesses, the proceeds of which go into a separate fund meant to compensate states for revenue shortfall and repayment of compensation-related loans.

"As a polity, we need to recognise that the GST really should be the same regardless of the product.

If progressivity is to be introduced, it is best done by direct taxes, not GST, or indirect taxes," Debroy said, adding that these were his personal views.

The estimate of GST revenue neutral rate (RNR) made before the GST roll-out in July 2017 was 15-15.5%, but the average GST rate at present is around 11.5%. "We must be willing to pay tax or we must be willing to settle for reduced delivery of public goods and services," he said, adding that the revenue foregone because of exemptions by the government is 5-5.5% of GDP.

While tax evasion is illegal, tax avoidance, by using exemption clauses to reduce tax burden, is legitimate. "Do we need these tax

exemptions? The more the tax exemptions, the more complicated the (tax structure) becomes. Why can't we have a simple tax structure devoid of all exemptions?" he asked. "We must at some point agree we will move to a completely exemption-less system," Debroy said.

The artificial difference between corporate taxes and personal income taxes should be removed, he added. "A lot of unincorporated business pays taxes under personal income taxes. This (removing difference) will also reduce administrative compliance," he said.

As reported by FE earlier, with inflation likely to remain elevated for a longer period and key state elections due in 2023, the Narendra Modi 2.0 government may choose not to restructure GST slabs before it demits office in May 2024.

Even though the group of ministers on rates rationalisation headed by Karnataka chief minister Basavaraj Bommai was required to submit a report by end-September on the tax slab rejig, its proceedings have slowed.

After state assemblies elections in Himachal Pradesh in November this year and Gujarat in December, as many as nine states will go to polls in 2023 including Karnataka, Chattisgarh, Madhya Pradesh, Rajasthan and Telangana. Then the tempo for the 2024 general elections will pick up.

Inflation based on the consumer price index (CPI) rose to a five-month high of 7.14% in September, much above the Reserve Bank of India's medium-term target of 2-6%.

Need one rate GST regime, says PMEAC chief Debroy

KR Srivats
New Delhi

Indian polity should take a call on having a GST system with a single rate, regardless of the product, Bibek Debroy, Chairman of the Economic Advisory Council to the Prime Minister (PMEAC), has suggested.

Citizens should also be willing to pay higher taxes or settle for reduced delivery of public goods and services, given the wide gap between the total tax-GDP ratio and the demand for resources by the government to meet physical, social infrastructure, education, and health requirements, Debroy said at the TIOL Tax Congress 2022 here on Monday.

"As a polity, we need to take a call on whether there should be a single GST rate or not. My submission is that there should be a single rate. I don't think we will ever get it, but that is what we should want," Debroy said.

"We need to recognise that the GST rate should be the same regardless of the product," he added.

Debroy highlighted that the total tax-GDP ratio comes to 15 per cent even as the demands for government spending on physical and social infrastructure is estimated at 23 per cent of GDP.

"Today, tax collection is at 15 per cent, our demands are at 23 per cent of GDP. Obviously something has to give," Debroy

Bibek Debroy, Chairman of the Economic Advisory Council to the Prime Minister

added. Progressivity has to be introduced through direct taxes and not through the GST (indirect taxes), he added.

"Even today, there are items outside the GST net," he noted. He highlighted that the estimate of the GST revenue neutral rate (RNR) by the Department of Economic Affairs before the GST rollout was 17 per cent, but the average GST rate at present is 11.5 per cent.

EXEMPTION LESS SYSTEM
Debroy suggested that India must at some point agree to move to a completely exemption-less tax system, noting that exemptions are making the system complex.

"We must do away with tax exemptions and go in for a simple tax structure devoid of all exemptions," he added.

The revenue foregone by the government because of exemptions is currently 5-5.5 per cent of GDP, Debroy added, referring to the figures in the Budget document.

'Single GST rate, direct tax sans exemption will be ideal'

'Progressive' rates work best for direct taxes, not indirect taxes such as GST, says PMEAC chief Debroy; moots scrapping exemptions in personal, corporate income taxes to simplify system

The Hindu Bureau
NEW DELHI

The Goods and Services Tax (GST) regime should have ideally had a single tax rate and covered all goods and services for its expected benefits to fully accrue to the economy, PM's Economic Advisory Council (PMEAC) chairman Bibek Debroy signalled on Monday.

PMEAC chief airs his 'personal views' as an economist

- Tax revenue must climb to enable the delivery of more public goods and services
- GST though 'a phenomenal work in progress' should ideally have had a single rate
- Estimates of 1.5-2% GDP gains from GST hinged on covering all items with a single rate
- Drop differentiation between personal and corporate income tax

an adviser to the government, Mr. Debroy said GST rates should be the same on all goods as 'progressive' rates work best with

direct taxes, rather than with indirect taxes.

He also mooted doing away with the distinction between personal and cor-

porate income tax rates and scrapping exemptions that lead to tax avoidance strategies.

Terming the GST 'a phenomenal work in progress' and 'a remarkable instance' of the Union and States working together, the PMEAC chief said that allowing a mindset of 'prime control' whereby GST rates are pegged higher for items considered 'elitist' and lower for items of mass consumption, enabled differentiation and subjective interpretation and litigation, he pointed out at the TIOL Tax Congress 2022 held here.

PM adviser supports single GST rate

R. SUBRAMURTHY

New Delhi: The chairman of the Prime Minister's economic advisory council, Bibek Debroy, on Monday said India should have a single rate GST and a taxation regime devoid of exemptions—similar to the views expressed by Congress leader Rahul Gandhi made a few days back during his Bharat Jodo Yatra.

With inflation above the RBI's upper tolerance threshold of 6 per cent for the ninth month in a row and retail inflation at a five-month high of 7.41 per cent in September, a single rate would only trigger fears of a spike in inflation.

The RBI has hiked the key interest rate four times this year to 5.90 per cent—the highest since April 2019.

"We need to take a call on whether we accept there should be a single GST rate or not. Everyone's mindset is one of trying to control. And, so we decide this particular item is elitist in nature, so the GST rate of this must be higher; this particular item is an item of mass consumption and therefore the GST rate on that should be lower," Debroy said at the TIOI (Tax India Online) Congress 2022.

"The moment we accept this mindset, we allow for differentiation. The moment we allow for differentiation, we allow for subjective interpretation, we allow for litigation. And it is therefore my submission before you that as a polity we need to recognise that the GST rate should be the same regardless of

the product," he said.

"If progressivity is to be introduced, it is best done by direct taxes, not GST, or indirect taxes," he said.

Debroy was quick to add that his views were personal and were not in any way recommendations to the Centre. But the delayed GST Council

meeting—initially expected this fortnight—offers the BJP an opportunity to do a double take on rate rejig.

Congress leader Rahul Gandhi—recently during the Bharat Jodo Yatra at Mahabubnagar District in Telangana—alleged that a faulty GST regime and the Modi government's demonetisation exercise in November 2016 has ruined small and medium businesses. "When our government assumes power in Delhi, we will revisit GST and there will be only one tax (slab) not five (slabs)."

The four-tier structure of the GST has been debated since its inception. The indirect tax regime, which completed five years on June 30, has four slabs: 5 per cent, 12 per cent, 18 per cent, and 28

per cent. Further, some goods in the 28 per cent-slab attract cess, while some fall under the nil category or exempted goods.

West Bengal finance minister Chandrima Bhattacharya said: "As an economist he (Debroy) can have his own opinion. But, there is no such proposal on the table. If he says single rate, what rate he is talking about, is it the highest or the lowest or any other rate."

"The GoM has not met and no meeting has been scheduled, so far. We do not know when the next GST Council would meet. If and when any proposal on rates comes, the council would take a call and we would express our views," Bhattacharya told The Telegraph.

On Rahul Gandhi's views on a single rate when Congress comes to power, she said: "Let us see as and when they come to power."

The interim report on rates, prepared by a group of ministers headed by Karnataka chief minister Basavaraj Bommai and accepted by the GST Council, resulted in an increase in rates of over two dozen goods and services, ranging from unbranded food items, curd and butter milk to low-cost hotels, cheques and maps.

The move evoked sharp criticism from Opposition states and protests by different citizens' groups and consumer organisations amidst spiralling inflation. Since then, there has been little headway in rationalisation.

जीएसटी में सिर्फ एक दर चाहते हैं पीएम की आर्थिक सलाहकार परिषद के चेयरमैन देबरॉय

भाषा। नई दिल्ली

प्रधानमंत्री की आर्थिक सलाहकार परिषद (ईएसी-पीएम) के चेयरमैन विवेक देबरॉय ने माल एवं सेवा कर (जीएसटी) प्रणाली में सिर्फ एक दर का सुझाव दिया है। इसके साथ ही उन्होंने कहा है कि करधान प्रणाली मुक्तता या छूट रहित होनी चाहिए। हालांकि, देबरॉय ने स्पष्ट किया है कि उनकी इस राय को ईएसी-पीएम का सुझाव नहीं माना जाए। देबरॉय ने सोमवार को यहां एक कार्यक्रम में कहा कि केंद्र और राज्यों का कर संग्रह सकल घरेलू उत्पाद (जीडीपी) का मात्र 15 प्रतिशत है, जबकि सार्वजनिक ढांचे पर सरकार के खर्च की मांग कहीं उन्नी है।

उन्होंने कहा, जीएसटी पर यह मेरी राय है। कर की सिर्फ एक दर होनी चाहिए। हालांकि, मुझे नहीं

लगता कि हमें ऐसा कभी मिलेगा। उन्होंने कहा कि यदि अभिजात्य प्रकृति और अधिक उपभोग वाले उत्पादों पर अलग-अलग कर दरें हटा दी जाएं, तो इससे मुकदमेबाजी कम होगी। देबरॉय ने कहा, हमें यह समझने की जरूरत है कि उत्पाद कोई भी हो, जीएसटी दर एक होनी चाहिए।

यदि हम प्रगतिशीलता दिखाना चाहते हैं तो यह प्रत्यक्ष करों के जरिए होनी चाहिए, जीएसटी या अप्रत्यक्ष करों के जरिए नहीं। उन्होंने कहा कि उनके इस विचार को ईएसी-पीएम का सुझाव नहीं समझा जाए। देबरॉय ने कहा कि जीएसटी को लागू करने से पहले आर्थिक मामलों के विभाग ने 17 प्रतिशत के जीएसटी राजस्व निरपेक्ष दर (आरएनआर) का अनुमान दिया था, लेकिन आज औसत जीएसटी 11.5 प्रतिशत है। ईएसी-पीएम के

चेयरमैन ने कहा, या तो हम कर देने के लिए तैयार रहें या सार्वजनिक वस्तुओं और सेवाओं की कम आपूर्ति के लिए। सरकार द्वारा जो कर मुक्तता या रियायत दी जाती है वह जीडीपी के 5-5.5 प्रतिशत के बराबर है।

उन्होंने कहा कि कर चोरी गैरकानूनी है, लेकिन मुक्तता या छूट के प्रावधान के जरिए कर से बचाव कानूनी रूप से सही है। देबरॉय ने सवाल किया कि क्या हमें इस तरह छूट की जरूरत है। जितना हम कर-मुक्तता देंगे यह उतना जटिल बनेगा। हमारा ऐसा सुगम कर ढांचा क्यों नहीं हो सकता, जिसमें किसी तरह का ऐसा प्रावधान नहीं हो। देबरॉय ने सुझाव दिया कि कॉरपोरेट कर और व्यक्तिगत आयकर के बीच कृत्रिम अंतर को समाप्त किया जाना चाहिए। इससे प्रशासनिक अनुपालन का बोझ कम होगा।

जीएसटी में सिर्फ एक दर हो

प्रधानमंत्री की आर्थिक सलाहकार परिषद के चेयरमैन ने दिया सुझाव

नई दिल्ली, (पंजाब केसरी): प्रधानमंत्री की आर्थिक सलाहकार परिषद (ईएसी-पीएम) के चेयरमैन विवेक देबरॉय ने माल एवं सेवा कर (जीएसटी) प्रणाली में सिर्फ एक दर का सुझाव दिया है। इसके साथ ही उन्होंने कहा है कि कराधान प्रणाली मुक्तता या छूट रहित होनी चाहिए। हालांकि, देबरॉय ने स्पष्ट किया है कि उनकी इस राय को ईएसी-पीएम का सुझाव नहीं माना जाए। देबरॉय ने सोमवार को यहां एक कार्यक्रम में कहा कि केंद्र और राज्यों का कर संग्रह

सकल घरेलू उत्पाद (जीडीपी) का मात्र 15 प्रतिशत है, जबकि सार्वजनिक ढांचे पर सरकार के खर्च की मांग कहीं ऊंची है। उन्होंने कहा, “जीएसटी पर यह मेरी राय है। कर की सिर्फ एक

दर होनी चाहिए। हालांकि, मुझे नहीं लगता कि हमें ऐसा कभी मिलेगा।” उन्होंने कहा कि यदि ‘अभिजात्य प्रकृति’ और अधिक उपभोग वाले उत्पादों पर अलग-अलग कर दरें हटा दी जाएं, तो इससे मुकदमेबाजी कम होगी। देबरॉय ने कहा, “हमें यह समझने की जरूरत है कि उत्पाद कोई भी हो, जीएसटी दर एक होनी चाहिए। यदि हम प्रगतिशीलता दिखाना चाहते हैं तो यह प्रत्यक्ष करों के जरिये होनी चाहिए, जीएसटी या अप्रत्यक्ष करों के जरिये नहीं।”

জিএসটি-র এক হার, করছাড় তোলার সওয়াল বিবেকের

নয়াদিল্লি, ৭ নভেম্বর: দেশে জিএসটি-র একটি হার থাকা উচিত বলে মনে করেন প্রধানমন্ত্রীর আর্থিক উপদেষ্টা পরিষদের চেয়ারম্যান বিবেক দেবরায়। যদিও তা কোনও দিন হবে না বলেই ধারণা তাঁর। সোমবার এক অনুষ্ঠানে সমস্ত ধরনের করছাড় তোলার পক্ষেও সওয়াল করেছেন তিনি। তবে জানিয়েছেন, এগুলি পরিষদের সুপারিশ নয়। তার পরেই বিবেকের মন্তব্য ঘিরে প্রশ্ন উঠছে বিভিন্ন মহলে। বিশেষজ্ঞেরা মনে করছেন, যে কথা তিনি বলেছেন তাতে আমজনতার স্বার্থ মাথায় রাখা হয়নি।

এখন জিএসটির চারটি হার— ৫%, ১২%, ১৮% এবং ২৮%। কিছু পণ্যে করছাড় মেলে। সোনা, হিরের মতো দামি ধাতুতে তার হার আলাদা। এই ব্যবস্থা চালুর সময়ে যুক্তি ছিল, চাল-ডালের মতো খাদ্যপণ্য, ওষুধের মতো জরুরি পণ্য, গাড়ির মতো বিলাসবহুল এবং তামাক-মদের মতো ক্ষতিকর জিনিসে একই পরিমাণে কর বসানো বাঞ্ছনীয় নয়। যে কারণে আলাদা আলাদা হার ধার্য হয়। ক্ষতিকর পণ্যে বসে বাড়তি সেস-ও।

জিএসটি চালুর আগে ও পরে কর আদায় একই রাখতে তার হার ১৭% হওয়া উচিত বলে এর আগে জানিয়েছিল কেন্দ্রের আর্থিক বিষয়ক বিভাগ। দেবরায় বলেন, বর্তমানে জিএসটি-র গড় হার ১১.৫%। তা ছাড়া ভারতে জিডিপি-র মাত্র ১৫% কর আদায় হয় কেন্দ্র ও রাজ্যের হাত ধরে। অথচ পরিকাঠামোয় সরকারের খরচ অনেক বেশি। বিভিন্ন হার জটিলতাও বাড়ায়। বিবেকের দাবি, “জিএসটির ক্ষেত্রে তাই আমার মতে একটি হারই থাকা উচিত। ...কিন্তু তা কখনও হবে বলে মনে হয় না।” তবে কোনও সময়ে

বিবেক দেবরায়

অভিন্ন হারের ব্যবস্থা চালু হলে তা প্রথমে আয়কর বা কোম্পানি করের মতো প্রত্যক্ষ করে হওয়া উচিত বলেও মনে করেন তিনি।

সব ধরনের করছাড় তুলে দেওয়ার পক্ষেও সওয়াল করেছেন বিবেক। তাঁর দাবি, ভারতে সরকার জিডিপি-র ৫%-৫.৫% রাজস্ব হারায় শুধু বিভিন্ন করছাড়ের কারণে। এ দেশে কর ফাঁকি দেওয়া অপরাধ হলেও, ছাড়ের সুযোগ নিয়ে কম কর দেওয়া আইনের মধ্যেই পড়ে। যে কারণে কোনও ছাড়ই থাকা উচিত নয়। বহু ছোট সংস্থা কর্পোরেট করের বদলে ব্যক্তিগত আয় দেখিয়ে কর দেয়, এই যুক্তিতে ব্যক্তিগত ও সংস্থার করের হার আলাদা হওয়া উচিত নয় বলেও মন্তব্য তাঁর।

যদিও বিশেষজ্ঞেরা বলছেন, দেশে ধনী শিল্পপতি এবং আমজনতাকে একই হারে কর দিলে আদতে সমস্যায় পড়বেন দ্বিতীয় ভাগের আওতায় থাকা সাধারণ মানুষই। তা ছাড়া করে ছাড় তুলে নিলে সামান্য আয় থেকে যেটুকু টাকা বাঁচানোর সুযোগ তাঁরা পান, সেটাও থাকবে না। ইতিমধ্যেই আয়করের বিকল্প ব্যবস্থা এনেছে কেন্দ্র। যেখানে অধিকাংশ করছাড়ই তুলে নেওয়া হয়েছে। কিন্তু তা পুরো বন্ধ হলে মানুষের দুর্দশা বাড়বে বলেই মত তাঁদের।

जी.एस.टी. में सिर्फ एक दर चाहते हैं प्रधानमंत्री की आर्थिक सलाहकार परिषद के चेयरमैन देबरॉय

नई दिल्ली, 7 नवम्बर (एजेंसी): प्रधानमंत्री की आर्थिक सलाहकार परिषद (ई.ए.सी.-पी.एम.) के चेयरमैन विवेक देबरॉय ने वस्तु एवं सेवा कर (जी.एस.टी.) प्रणाली में सिर्फ एक दर का सुझाव दिया है। इसके साथ ही उन्होंने कहा है कि कराधान प्रणाली मुक्तता या छूट रहित होनी चाहिए। हालांकि, देबरॉय ने स्पष्ट किया है कि उनकी इस राय को ई.ए.सी.-पी.एम. का सुझाव नहीं माना जाए। देबरॉय ने यहां एक कार्यक्रम में कहा कि केंद्र और राज्यों

मौजूदा समय में जीएसटी रेट्स के चार स्लैब

पीएम आर्थिक सलाहकार समिति के अध्यक्ष देवराय ने की एक जीएसटी रेट की वकालत

एजेसी ॥ नई दिल्ली

प्रधानमंत्री की आर्थिक सलाहकार काउंसिल के चेयरमैन विवेक देवराय ने केवल एक जीएसटी रेट का सुझाव दिया है। इतना ही नहीं विवेक देवराय ने डायरेक्ट टैक्स में दिए जाने वाले टैक्स छूट को भी खत्म करने की वकालत की है।

मौजूदा समय में जीएसटी रेट्स के चार स्लैब हैं। वहीं डायरेक्ट टैक्स के मोर्चे पर इनकम टैक्स में टैक्सपेयर्स को कई प्रकार की छूट हासिल है। विवेक देवराय ने कहा कि जीएसटी पर यह मेरी राय है कि कर की सिर्फ एक दर होनी चाहिए। हालांकि, उन्होंने ये भी साफ किया कि, मुझे नहीं लगता कि ऐसा कभी होगा। उन्होंने कहा कि, हमें यह समझने की जरूरत है कि उत्पाद कोई भी हो, जीएसटी दर एक होनी चाहिए। हालांकि उन्होंने सफाई देते हुए कहा कि उनके विचार को प्रधानमंत्री आर्थिक सलाहकार समिति का सुझाव नहीं माना जाए क्योंकि ये उनका निजी विचार है।

टैक्स छूट खत्म करने का सुझाव!

विवेक देवराय ने डायरेक्ट टैक्स में दिए जाने वाले छूटों को भी खत्म करने का सुझाव दिया है। उन्होंने कहा कि हमें ज्यादा टैक्स के मुताबिक करने के लिए तैयार रहना चाहिए या फिर सार्वजनिक सुविधाओं या सर्विसेज में कमी का सामना करने के लिए तैयार रहना चाहिए। उन्होंने कहा कि हर वर्ष बजट पेपर में टैक्स छूट या रियायत के चलते रेवेन्यू में होने वाले नुकसान की बात की जाती है जो कि जीडीपी का 5.5 फीसदी के करीब है।

कर संग्रह जीडीपी का मात्र 15 फीसदी

देवराय ने कहा कि यदि हम प्रगतिशीलता दिखाना चाहते हैं तो यह डायरेक्ट टैक्स के जरिए होनी चाहिए, जीएसटी या अप्रत्यक्ष करों के जरिए नहीं। विवेक देवराय ने कहा कि केंद्र और राज्यों का कर संग्रह सकल घरेलू उत्पाद (जीडीपी) का मात्र 15 फीसदी है, जबकि सार्वजनिक ढांचे पर सरकार के खर्च की मांग कहीं ज्यादा है।

फिलहाल जीएसटी रेट्स के चार स्लैब

एक जुलाई 2017 को एक देश एक टैक्स यानि जीएसटी को लागू किया गया था। जीएसटी में चार स्लैब हैं 5 फीसदी, 12 फीसदी, 18 फीसदी, 28 फीसदी। कुछ वस्तुएं, जिन पर 28 फीसदी जीएसटी लगता है उसपर सेस भी वसूला जाता है जैसे लकड़ी का और तंबाकू।

मुकदमेबाजी कम होगी

चेयरमैन ने कहा कि यदि 'अभिजात्य प्रकृति' और अधिक उपभोग वाले उत्पादों पर अलग-अलग कर बंद हटा दी जाए, तो इससे मुकदमेबाजी कम होगी। देवराय ने कहा, हमें यह समझने की जरूरत है कि उत्पाद कोई भी हो, जीएसटी दर एक होनी चाहिए। यदि हम प्रगतिशीलता दिखाना चाहते हैं तो यह प्रत्यक्ष करों के जरिये होनी चाहिए, जीएसटी या अप्रत्यक्ष करों के जरिए नहीं। उन्होंने कहा कि उनके इस विचार को ईएससी-पीएम का सुझाव नहीं समझा जाए।

टैक्स अंतर को खत्म करने की वकालत

ऐसे में सवाल उठता है कि क्या ये छूट होने चाहिए। उन्होंने पर्सनल इनकम टैक्स और कॉर्पोरेट टैक्स सिस्टम में किसी भी प्रकार के अंतर को खत्म करने की वकालत की है। उन्होंने कहा कि इससे प्रशासनिक अनुपालन का बोझ कम होगा।

- इनकम टैक्स में टैक्सपेयर्स को कई छूट हासिल

- उत्पाद कोई भी हो जीएसटी दर एक हो

जितनी कर छूट उतनी जटिलता

चेयरमैन ने कहा कि कर चोरी गैरकाजगी है, लेकिन मुक्तता या छूट के प्रावधान के जरिए कर से बचाव काजगी रूप से सही है। देवराय ने सवाल किया कि क्या हमें इस तरह छूट की जरूरत है। जितना हम कर-मुक्तता देने यह उतना जटिल बनेगा। हमारा ऐसा सुझाव देना क्यों नहीं हो सकता, जिसमें किसी तरह का ऐसा प्रावधान नहीं हो।

देश में जीएसटी की एक दर होनी चाहिए : विवेक देबरॉय

नई दिल्ली, 7 नवम्बर (देशबन्धु)। जीएसटी (वस्तु एवं सेवाकर) को लागू हुए पांच साल से ज्यादा का समय बीत चुका है। इस बीच इसके बहुस्तरीय कर ढांचे में कई तरह के सुधार भी हुए। बावजूद जीएसटी को लेकर कारोबारियों में अभी भी असंतोष बरकरार है।

व्यापार विशेषज्ञों का मानना है कि इसका बहुस्तरीय कर ढांचा जीएसटी की मूलभावना एक देश एक टैक्स के खिलाफ है। वहीं अब प्रधानमंत्री की आर्थिक सलाहकार समिति के अध्यक्ष विवेक देबरॉय ने भी जीएसटी में केवल एक दर रखने की वकालत की है। उन्होंने कहा कि देश में जीएसटी की केवल एक दर होनी

चाहिए। हालांकि लगे हाथ उन्होंने यह भी साफ किया कि वे इस मामले में अपनी निजी राय रख रहे हैं। उनके इस

बयान का सरकार की नीति से कोई लेना-देना नहीं है। देबरॉय ने कहा कि उनका व्यक्तिगत रूप से मानना है कि

उत्पाद कोई भी, लेकिन जीएसटी की दर सब पर एक समान होनी चाहिए। उन्होंने इसी क्रम में यह भी कहा कि यद्यपि यह कभी लागू होने वाला नहीं है। इसे प्रधानमंत्री की आर्थिक सलाहकार समिति का सुझाव भी नहीं माना जाना चाहिए।

बता दें कि मौजूदा समय में जीएसटी के चार स्लैब दरें 5 फीसदी, 12 फीसदी, 18 फीसदी और 28 फीसदी लागू हैं।

EAC-PM Chairman Debroy suggests single rate GST, exemption-less taxation

Tuesday, 08 November 2022 | PTI | New Delhi

Economic Advisory Council to the Prime Minister (EAC-PM) Chairman Bibek Debroy on Monday said India should have a single rate GST and taxation regime devoid of exemptions.

He said the tax collection of the Centre and states combined is just 15 per cent of GDP, while the demand for government spending on public infrastructure is much higher.

"On GST, it is my submission, therefore, there should be a single rate. I don't think we will ever get it...," Debroy said at an event here.

If the differential tax rates for products of 'elitist nature' and those of mass consumption are done away with, it would lessen litigation, he added.

"As a polity, we need to recognise that the GST really should be the same regardless of the product. If progressivity is to be introduced, it is best done by direct taxes, not GST, or indirect taxes," Debroy noted. Debroy also clarified that his speech should not be construed as a recommendation of the PMEAC.

The estimate of the GST revenue neutral rate (RNR) made by the Department of Economic Affairs before the GST rollout was 17 per cent, but the average GST rate at present is 11.5 per cent, he added.

"We must be willing to pay tax or we must be willing to settle for reduced delivery of public goods and services," he said.

CM as panel head delays GST decisions: TN finance minister

FE BUREAU

New Delhi, November 8

TAMIL NADU FINANCE minister P Thiagarajan on Tuesday questioned the practice of appointing chief ministers or deputy chief ministers as convenors of the ministerial panels of the Goods and Services Tax (GST) Council on important policy matters as they have little time to spare, leading to inherent delays in calling meetings and finalising reports.

Delays in the submission of reports by group of ministers (GoMs) have led to a delay in the September quarter meeting of the Council, which is yet to happen. The minister was also miffed that the Council was not meeting every quarter of late.

"We have this strange convention that has been adopted for which I can find no reference anywhere in the documentation. That if you constitute a GoM the senior most member must be convenor but that is the exact opposite of what you want (quicker policy recommendations)," Thiagara-

Delays in the submission of reports by group of ministers (GoMs) have led to a delay in the September quarter meeting of the Council

jan said at the TIOL Congress 2022. "How many chief ministers have the time in the scope of their broad responsibilities to convene GoMs for the GST Council? Surely, they have much less time than a deputy CM and a deputy CM has less time than a minister to run GoM meetings... In many cases, we have the lost convenors and it has taken six months for the new convenor to be named."

The Tamil Nadu minister is a member of two of the GoMs under the GST Council. One on levying GST on casinos, online gaming and horse racing and the other on GST system reforms.

"The problem is this GoM (systemic reform) doesn't meet. If it doesn't meet it is hard for us to do any real work. It does-

n't meet because the convenor hasn't called a meeting because the convenor has already changed twice," the minister said.

After the change of government in Maharashtra, deputy chief minister Devendra Fadnavis replaced former deputy chief minister Ajit Pawar as the convenor of GoM in September.

The GoM on GST on casinos, online gaming, and horse racing is headed by Meghalaya Chief Minister Conrad Sangma.

With no unanimity about taxing at the rate of 28% on the full value of the consideration, without making a distinction between games of skill or chance, the GoM led by Meghalaya chief minister Conrad Sangma has sought legal opinion on whether the prize money in online gaming and horse racing is covered within "actionable claim" or not, before submitting the additional report. However, so far the report has not been submitted even though the GoM was planning to do so by September 16.

के मुताबिक, 2024 के अंत तक एनएचएआई का टोल से मिलने वाला राजस्व बढ़कर 1.40 लाख करोड़ रुपए हो जाएगा जो फिलहाल 40,000 करोड़ रुपए सालाना है।

Opposition parties laud Gadkari for praising former PM Manmohan

A day after Union Minister Nitin Gadkari heaped praise on former Prime Minister Manmohan Singh for the economic reforms in the country, Opposition parties, including the Congress, applauded his "courage to speak out the truth" against his party and other tall leaders of the BJP.

Manmohan's party, Congress, also got an opportunity to take a swipe at Finance Minister Nirmala Sitharaman for her remarks a few weeks ago calling the 1991 reforms "half-baked" and said "master chef" Nitin Gadkari "has baked it fully by paying fulsome tributes to the former PM.

The NCP and TMC too acknowledged Gadkari's opinion even as parties like the BJP which never aligned with the Congress dubbed Gadkari a 'hardworking Union Minister'.

The Opposition parties referred to Gadkari's praise for Manmohan Singh at an awards ceremony on Tuesday.

"The country is indebted to Manmohan Singh for liberalising the economy and giving it a new direction," Gadkari had stated leading to ripples in the political circles including the ruling and the Opposition.

Gadkari also recalled that he could raise money to build roads in Maharashtra when he was a minister in Maharashtra in the mid-1990s due to economic reforms initiated by the former Prime Minister.

Gadkari was recently axed from the BJP's Parliamentary Board, which was attributed to the differences between him and the duo of Prime Minister Narendra Modi and Home Minister Amit Shah.

Taking a dig at Sitharaman, Congress general secretary in-charge communications Jairam Ramesh said, "On 16th September, Madam Finance Minister had belittled 1991 reforms by terming it 'half-baked'.

Yesterday, the MasterChef Gadkari has baked it fully and well by paying fulsome tributes to Dr. Manmohan Singh for the 1991 economic reforms." "I hope she can digest it now," Ramesh said on Twitter.

Bureaucrat turned politician and TMC Rajya Sabha MP Jawhar Sircar said, "Good to hear Manmohan Singh being

India indebted to former PM Manmohan Singh for economic reforms Gadkari

PTI | Updated: November 08, 2022 22:00 IST

(Eds: Adding more info)

New Delhi, Nov 8 (PTI) Union Minister Nitin Gadkari on Tuesday said the country is indebted to former prime minister Manmohan Singh for the economic reforms.

India needs a liberal economic policy with the intention to provide its benefits to poor people, Gadkari said while speaking at TIOL Awards 2022 event.

The economic reforms started by Singh as the finance minister in 1991 gave a new direction to India as it ushered in a liberal economy, he added.

"Liberal economy ke karan desh ko nayee disha mili, uske liye Manmohan Singh Ka desh reeni hai (The country is indebted to Manmohan Singh for the liberalisation that gave a new direction)," Gadkari said.

He recalled that he could raise money to build roads in Maharashtra when he was a minister in Maharashtra in the mid-1990s due to economic reforms initiated by the former prime minister.

Gadkari asserted that liberal economic policy is for farmers and poor people.

The awards function was organised by a portal 'TaxIndiaOnline'.

He also said China is a good example of how liberal economic policy can help in the development of any country.
